

## FAASafety Flight Instructor Open Forum

It's hard to imagine losing control of an airplane in flight, but it happens far too often and almost always with serious or fatal results. At this FAASafety Flight Instructor Open Forum we will explore some of the factors that can lead to a Loss-Of-Control (LOC) event, and provide some practical steps to help pilots avoid LOC. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Gateway Aviation will be providing food and refreshments starting @ 6:30pm prior to the seminar! Please register on-line for this event as seating is limited.

**Directions:** Please see map link for directions, go to second floor of Hangar 7, to classroom 3 of Lehigh Carbon Community College.

### A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
